BE SAFE

Always Keep Your Access Site Uncovered

It could be a matter of life or death!

STAFF NEED TO SEE THAT:

- Bloodlines are connected
- No blood is leaking from site
- There is no tugging on lines
- Needles are secure and in place
- Tape is secure

IF YOU FEEL COLD, COVER UP!

(except for your needles and connections)

WEAR GLOVES/ MITTENS
WEAR HATS/ SCARVES
WEAR EXTRA SWEATER/ HEAVY SOCKS
USE BLANKETS
ASK STAFF FOR OTHER IDEAS
