

National Patient Safety Awareness Week

Step-up Your Security!

- Have your doctor or pharmacist review your medicines.
- Clean out your medicine cabinets and throw out old or expired medications.
- Keep all of your healthcare records up-to-date and make sure to store them in a safe place.
- Carry a list of all of your prescription and over the counter medications (be sure to include doses for each one).
- Carry a list of all of your healthcare providers and pharmacies (be sure to include names and phone numbers).
- Identify an advocate (either a family member or a friend) who can ask questions on your behalf.
